The C•A•B International Bureau of Animal Health (CBAH) is one of 10 Bureaux and 4 Institutes which together form C•A•B International, an organization sponsored by member governments for the dissemination of information on research in agriculture and related subjects.

CBAH also prepares *Index Veterinarius* and *Animal Disease Occurrence*.

For further details of the whole range of C•A•B International Publications and Services see back cover.

Orders and enquiries concerning current subscriptions and back numbers should be sent to:

C·A·B INTERNATIONAL

CAB INTERNATIONAL (CABI), formerly the Commonwealth Agricultural Bureaux, is a cooperative not-for-profit organization owned, administered and financed by member governments. It was established in 1928, currently has 29 members, and has the status and privileges of an international organization in the UK. A new treaty-level constitution, giving CABI the status of an Inter-Governmental Organization, is in the process of ratification.

CABI's organizational structure comprises the Review Conference of member governments, which meets every five years; the Executive Council, with one representative from each member government, which meets four times per year; and the Directorate, including CABI Headquarters and its 14 Institutes and Bureaux. The Director General is the chief executive, controlling the 375 staff, two thirds of whom are at managerial or professional level, through three Directors, for Information, Scientific and Administrative Services.

The organization exists to provide information, scientific and development services for agriculture and allied disciplines throughout the world.

INFORMATION SERVICES

The chief function of the Information Services is to provide ready access to published information on research in agriculture and allied disciplines, including rural development.

Over 100 scientists/linguists at CABI's Bureaux and Institutes scan the world literature, select the significant items, and prepare an informative abstract of each which is entered into the CAB ABSTRACTS database. With some 2 million records in the database since 1973, and 3 million more in printed journals back to 1930, the total archive provides a unique encyclopaedic resource of unsurpassed reliability and quality.

The CAB ABSTRACTS database is publicly accessible online from major international online vendors and from CABI. It is used to provide current awareness and retrospective information services in hard copy and machine-readable form. Chief among these are 46 printed abstract journals, which are taken by 10,000 subscribing organizations worldwide. New journals are started in response to changing users' needs or if sponsors guarantee the circulation. Users needing more specific information may select outputs that match their particular requirements, helped if necessary by CABI's subject experts; outputs are supplied as magnetic tape, computer printout, microfiche or floppy disk. The database is also available on optical disk (CD-ROM), a new technology ideally suited to developing countries. To complete the service, photocopies of original articles are provided on request through the CABI Library Services.

Text processing, database production and data retrieval are provided by CABI's in-house computer centre, which also offers these services to other organizations. The centre is already recognized as the focal point for online access to a portfolio of small bibliographic databases and databanks relevant to agriculture, medicine and development.

Other functions of the Information Services include compilation of specialized databanks and directories, publication of primary journals, authoritative reviews and books, and training in information transfer for librarians, documentalists and information specialists.

SCIENTIFIC SERVICES

The Scientific Services of CABI are provided by four Institutes. Three deal with the science of taxonomy and provide identification and related services; the fourth deals with biological control.

CAB International Institute of Entomology (CIE)

CIE provides an identification service for insects, mites and other arthropods, especially species that are of actual or potential important as pests, parasitoids, predators and pollinators or are otherwise relevant to agriculture, forestry or related subjects. Contract research is also undertaken in these fields. The Institute's taxonomists work in the British Museum (Natural History) where they have access to the Museum's 23 million reference specimens of insects and mites, an incomparable aid to authoritative identifications and research on arthropod classification.

CAB International Mycological Institute (CMI)

CMI is the largest centre for systematic mycology in the world and provides a service for the identification of filamentous fungi and plant-pathogenic bacteria. It has about 300,000 dried reference specimens, a culture collection of more than 12,500 isolates, an extensive library, a Biodeterioration and Industrial Services Laboratory, a Biochemical Laboratory, and a Plant Pathology Liaison Unit. The Institute provides a wide range of consultancy and contract services for plant pathologists and industry. It incorporates the UK National Collection of Fungus Cultures and the Biodeterioration Centre.

CAB International Institute of Parasitology (CIP)

CIP provides an identification service for plant-parasitic and entomophilic nematodes, and helminth parasites of animals and man. The reference collections contain over 65,000 specimens, and an extensive specialist library is maintained. The Tropical Plant Nematology Advisory and Research Unit provides practical advice on plant-parasitic nematodes and their control worldwide, and the Institute also houses the WHO Filarial Reference Collection.

CAB International Institute of Biological Control (CIBC)

CIBC provides information and advice on biological control, undertakes research and implementation of programmes on biological control of major pests and weeds, and participates in integrated pest management programmes in association with other agencies. It has its headquarters in the UK but operates also from stations at Delémont, Switzerland; Bangalore, India; Rawalpindi, Pakistan; Nairobi, Kenya; and Curepe, Trinidad, West Indies.

All four Institutes carry out research, and offer a wide range of training activities from postgraduate studentships to special training courses both in the UK and abroad.

DEVELOPMENT SERVICES

The Development Services provide a focus for CABI consulting activities.

The Development Services Group was established in 1986 to provide a sharper focus for CABI's consulting activities. It draws heavily on the unique scientific expertise and information resources available in the CABI Institutes and Bureaux, and its activities are backed by nearly sixty years of CABI involvement in science and world agriculture.

The Development Services offer practical advice and assistance on many pest-related or environmental problems in agriculture. Specific services include:

- project appraisal
- advice in a range of scientific disciplines
- research supervision
- research evaluation
- project implementation.

These services are offered in situations ranging from short-term individual consultancies to project components and major development projects. The current focus is on:

- integrated pest management programmes
- national crop protection services
- pest/disease identification and control
- crop-orientated pest and disease surveys.

One component of these activities that can be extended to any branch of agriculture or development is the provision of a comprehensive information service, involving expert review and analysis of all relevant literature.

LIAISON OFFICERS – OCTOBER 1986

Contributing Country	*Liaison Officer*	*Address*
United Kingdom	Under Secretary	Agricultural & Food Research Council, 160 Great Portland Street, London W1N 6DT
Canada	Dr. R. Trottier	Research Coordinator (Protection) Research Branch, Agriculture Canada, Sir John Carling Bldg. Ottawa, Ontario, KIA OC5
Australia	Dr. J.B. Allen	Commonwealth Scientific & Industrial Research Organization, P.O. Box 225, Dickson, ACT 2602
New Zealand	Dr. J.H. Troughton	Asst. Director-General, Department of Scientific & Industrial Research, Private Bag, Wellington
India	Dr. N.S. Randhawa	Director General, Indian Council of Agricultural Research, Krishi Bhavan, New Delhi, 110001
Sri Lanka	Dr. I. Goonewardena	Director of Agriculture, Dept of Agriculture, Peradeniya
Ghana	Executive Chairman	Council for Scientific & Industrial Research, P.O. Box M32, Accra

Malaysia	Kamaruddin bin Siaraf	Principal Asst. Secretary, International Division, Ministry of Agriculture, Jalan Mahameru, Kuala Lumpur
Nigeria	The Director	Agricultural Sciences Research Dept., Moor Plantation, Private Mail Bag No. 5382, Ibadan
Cyprus	Dr. A. Louca	Director-General, Ministry of Agriculture & Natural Resources, Nicosia
Sierra Leone	Senior Lecturer	Njala University College, University of Sierra Leone, PMB. Freetown
Tanzania	Director of Agriculture	Ministry of Agriculture, P.O. Box 9071, Dar-es-Salaam
Jamaica	A.C.MacDonald	Director, Research & Development, Ministry of Agriculture, P.O. Box 480, Kingston 6
Trinidad & Tobago	Chief Technical Officer (Crop Research)	Ministry of Agriculture, Lands and Food Production, Research Div. Central Experiment Station, Centeno, P.O., Arima, Trinidad & Tobago.
Uganda	Permanent Secretary	Ministry of Agriculture & Forestry, P.O. Box 102, Entebbe
Kenya	W.W. Wapakala	Ministry of Agriculture, P.O. Box 30028, Nairobi
Malawi	Chief Agricultural Research Officer	Ministry of Agriculture & Natural Resources, P.O. Box 30134, Capital City, Lilongwe 3
Zambia	Permanent Secretary	Ministry of Agriculture & Water Development, Mulungushi House, Independence Avenue, P.O. Box 50291, Ridgeway, Lusaka
The Gambia	Permanent Secretary	Ministry of Agriculture & Natural Resources, The Quadrangle, Banjul
Guyana	Deputy Chief Agricultural Officer (Research)	Ministry of Agriculture, P.O. Box 1001, Georgetown
Botswana	Permanent Secretary	Ministry of Agriculture, Common Service Division, Private Bag 0028, Gabarone
Mauritius	K. Lutchmeenaraidoo	Chief Agricultural Officer, Agricultural Service, Reduit
Fiji	Permanent Secretary	Ministry of Agriculture, Fisheries and Forests, Rodwell Road, Suva
Bangladesh	The Executive Vice-Chairman	Bangladesh Agricultural Research Council, New Airport Road, Farm Gate, GPO Box 3041 Dhaka, Bangladesh
The Bahamas	Director of Agriculture	Ministry of Agriculture, Fisheries & Local Government, P.O. Box 3028, Nassau
Papua New Guinea	The Secretary	Dept of Primary Industry, P.O. Box 417, Konedobu
Zimbabwe	P.R.N. Chigaru	Asst. Director (Livestock & Pastures Research), Dept of Research & Specialist Services, Ministry of Agriculture, P.O. Box 8108, Causeway, Harare
Solomon Islands	B.G.C. Smith	Ministry of Agriculture & Lands, P.O. Box G13, Honiara
Brunei Darussalam	Dr. Morni bin Othman	Dept of Agriculture, Ministry of Development, Negara, Brunei Darussalam

REVIEW ARTICLES
1986

Avian reovirus. By M. D. Robertson and G. E. Wilcox 155

A review of experiments on the reproduction of chronic pneumonia in sheep by the use of pneumonic lung homogenate suspensions. By G. E. Jones, J. S. Gilmour, A. G. Rae, M. McLauchlan and P. F. Nettleton 251

The use of the enzyme linked immunosorbent assay in detecting antibodies to avian viruses: A review. By R. A. J. Nicholas and D. H. Thornton 337

The pathogenesis and pathology of avian respiratory infections. By R. S. F. Campbell 521

Turkey rhinotracheitis: A review. By S. A. Lister and D. J. Alexander 637

Infectious bursal disease virus in turkeys. By T. S. Cummings, C. T. Broussard, R. K. Page, S. G. Thayer and P. D. Lukert 757

Udder oedema: An updated review. By Falah K. Al-Ani and J. G. E. Vestweber 763

Review of lead poisoning in dogs. By A. N. Hamir 1059

281	2133	10	For aquirrels read squirrels
283	2156	2	For Rainbow read Rainfall
283	2156	2	For 1961–68 read 1971–63, 1967–68
285	2176	2	For 'to mice' read 'in mice'
293	2248	7	For *Loxadonta* read *Loxodonta*
316	2447	2	For gamma-blobulin read gamma-globulin
328	2555	3	For hexachloracyclohexane read hexachlorocyclohexane
379	2940	2	For '4 laboratory' read '4. Laboratory
401	3135	8	For Born read Bonn
408	3194	6	For 'Mg or MgO' read 'Mg as MgO'
416	3260	5,11,12	For rILZ read rIL2
425	3336	2	For Morpholoical read Morphological
425	3336	9	For metarcapal read metacarpal
433	3411	2	For 'health disease' read 'health and disease'
433	3414	5	For E. lansing read East Lansing
449	3546	–	This abstract should have appeared in the section 'Gram-positive cocci'
454	3587	9	For *melegridis* read *meleagridis*

Page	*Abstract*	*Line*	
797	6058		This abstract should have appeared in the section Physiology and Biochemistry, Gastrointestinal system
805	6120		This abstract should have appeared in the section Helminth Parasites. Trematoda
807	6133	8	For Imposil read Imisol
839	6408	19	Before 'and' insert 'was lower than that seen in calves on day 1 (1.92ml/min/kg)'
883	6781	5	The line should read: In view of large-scale outbreaks of botulism . . .
890	6846	7	For introdermal read intradermal; for 10X000 read 10 000
893	6869	2	Instead of 'to 1979' read 'from 1979'
893	6873	2	For goat box read goat pox
902	6946	23	Insert 'challenged' after 'strain were'
909	7010	6	For low respiratory rate read high respiratory rate
920	7109	29	This line should read: animals to 6 species; to bovine herpesvirus 1 in 7 of 106 animals
920	7109	29	Delete 'of' after '445 animals'
922	7122	–	This abstract should have appeared in the section 'Swine diseases''
923	7136	11	For stags read stages
926	7159	2	For inhertied read inherited
928	7178	3	For boiler read broiler
932	7221	10–11	Delete the second occurrence of '23 normal parturient cows'
936	7246	2	For cow read cord
937	7257	7	For '550 a kg' read 'a 550 kg'
939	7282	11	The line should read: the dose was too small and the duration . . .
940	7290	3–4	The original title should read: Wplyw in vitro jonow litu na stimulacje limfocytow T krwi i mleka u krow
942	7305	7	For feed compounds read feed compounders
946	7350	2	For wld read wild
947	7360	13	For 'during the after' read 'during and after'
965	7514	8	For '(22%) of all . . .' read '(22% of all anaerobic isolates)
967	7528	4	For Brucela read Brucella
969	7546	20	For 'piglets of 6' read 'piglets 6 weeks old'
977	7616	–	This abstract should have appeared in the section 'Gram-positive cocci'
978	7618	–	This abstract should have appeared in the section 'Zootechny'
990	7739	3	For encphalomyocarditis read encephalomyocarditis
1013	7938	10	For anopthalmia-micropthalmia read anophthalmia-microphthalmia
1021	8007	9	For 12 read 12.3%
1022	8017	20	For tests read testes
1041	8188	4	Delete 'titamine and zolazepam' [second occurrence]
1042	8196	11	For butophanol read butorphanol; for atrophine read atropine
1052	8279	15	For Species read Breed
1054	8304	19	The line should read: "until splenectomized 61 days after transplantation . . ."
1080	8422	9	For '*epidermis*' read '*epidermidis*'
1091	8519		This abstract should have appeared in the section "Dermatomycoses"
1108	8670	11&13	For 'arrythmia' read 'arrhythmia'
1114	8720	3	For 'Oncorynchus' read 'Oncorhynchus'

SUBJECT INDEX

Abattoirs, automation, meat hygiene 5742
Abdomen, haemorrhage, compression bandage 7479
Abdominal cavity, open drainage 4942
Abnormal behaviour
dog 4091
fowl, head shaking 7436
sheep 3379
sow, tethered housing 3380
Abnormalities (*see also* Congenital abnormalities)
Abomasum
calf
embryonic development 586
mycoses 2206
ulcer 2377
cattle
diseases 972
displacement 973, 976, 7939, 8685
endotoxins 712
pyloric stenosis 7942
ulcer 3818, 7219, 7946
dilation 7125
displacement, immunosuppression 3827
sheep
helminthoses 4557
pH 2282
ulcer
calf 343
cattle 5427
nutritional factors 4692
Abortion
buffalo
Acinetobacter 2713
Kurthia bessonii 5926
Trypanosoma evansi 7030
Yersinia enterocolitica 6660
cattle
leptospirosis in Ireland 772
Spirochaetales 4306
cow
aflatoxin 6103
Albania 7244

C·A·B INTERNATIONAL
PUBLICATIONS AND SERVICES

GENERAL INFORMATION

CAB International (formerly the Commonwealth Agricultural Bureaux) is an international non-profit organization controlled by governments of member countries. Its main function is to provide a world-wide information service in agriculture, forestry and related areas of applied biology, sociology, economics, engineering and medicine. Two other scientific services are responsible for pest and disease identification, and the application of biochemical techniques to pest management, and a further new arm - the Development Services - formed in 1986, co-ordinates CABI's consultancy expertise.
CAB International is best known for its abstract journals covering each of the main agricultural disciplines (for full list of titles see back cover). The wide range of other publications includes annotated bibliographies, reviews, authoritative books and reference works, and specialized aids to the management of pests and diseases.

Abstract Journals

The 46 abstract journals, which cover specific agricultural disciplines, specialist crops or products, or particular animals are all derived from the CABI production database. In 1987 input to the database will amount to approximately 130 000 records prepared from around 15 000 serials and many other scientific publications in virtually any language.

Annotated Bibliographies

Over 3000 Annotated Bibliographies on a wide variety of topics are available. Many are the result of requests and are in photocopy format with abstracts in chronological order but without indexes. Others, on particularly topical or popular subjects are typeset, the abstracts being classified and indexed; some are preceded by a review article. Annotated Bibliography topics may be extended to current awareness profiles to ensure that the information base is kept up to date.

Online Searching

The CAB ABSTRACTS database is available for online searching at DIALOG (USA), BRS (USA), ESA/IRS (Italy), CAN/OLE (Canada), JICST (Japan) and DIMDI (FRG). CAB ABSTRACTS contains 2 million records dating from 1972. The CABI production database, 6 weeks ahead of CAB ABSTRACTS, is available on the CABI 'GO-DIRECT' online service. Online retrieval is a highly cost-effective way of carrying out literature searches and provides users with a printout of records on their specific subjects. Search aids available include the comprehensive CAB ABSTRACTS Online Manual, the CAB Thesaurus and the CAB Serials Checklist.

Magnetic Tapes

The database is leased on magnetic tape on a calendar year basis by many organizations. The lease fee, payable in advance, includes usage up to a pre-set limit; additional usage is charged for at the end of the year. Current tapes are delivered monthly, and retrospective tapes as required. Technical data and sample tapes are available.

SDI Service

SDI (Selective Dissemination of Information) is a regular current awareness service based on the most recent input to the database processed at the CAB International computer centre, i.e. 6-8 weeks in advance of publication in the abstract journals or availability through international online vendors. Subscribers decide their own search profile and receive search results at intervals of their own choice, e.g. monthly, quarterly, even weekly. The search printout contains full bibliographic details and an informative abstract for each record retrieved.

CAB Alerts

This new service is based on the SDI service described alongside. A number of standard profiles on topics of current interest is being offered.

Microfiche

The SDI service is available on COM (Computer Output on Microfiche). Specific topics can be used to generate either subject series, containing full bibliographic details and informative abstracts, or author series containing the bibliographic details. The cumulative COM service is provided quarterly.

Diskette

CABI appreciates that many of its information users are equipped with microcomputers. The SDI service has been extended to diskettes for the convenience of CABI customers. Diskettes, containing current input to the CABI production database, are issued weekly, monthly or quarterly.

CD-ROM

CABI has produced a CD-ROM prototype which is now being assessed at over 40 key sites in 26 countries. User assessments, due June 1987, will be used to formulate CABI's future CD-ROM strategy. Information on this development is available from CABI Systems Division.

Document Delivery Service

The originals of most articles abstracted for the CAB ABSTRACTS database are available as photocopies. Order forms and copyright declarations are printed in each journal (or are available in bulk). Documents may also be ordered online via Dialog's DIALORDER or ESA's PRIMORDIAL.

Training

To help users get best value for money, CAB International provides user training and education. There is an annual course entitled 'Information on Agriculture' in Oxford, designed to give information officers and librarians, particularly from developing countries, a sound background in agricultural information practice. In addition, there are many one-day workshops in the USA, Europe and elsewhere, facilities for on-the-job training at the CAB International input centres, and tailor-made courses on data preparation for organizations supplying input for the database.

ORDERING INFORMATION

Journals

Subscriptions should be fully paid by 1 December for the volumes to be issued in the following year. Many journals are available at special rates to subscribers in member countries. A subscription provides entitlement to each part plus the annual index. Rates include packing and mailing by air to distant countries wherever the cost can be absorbed. Orders should be sent to the address below.
Back numbers, including microfiche editions, are available at discounted prices. Further details will be given on request.
